

ADOC RFP NO. 2017-03

WASTEWATER TREATMENT AND SEWAGE DISPOSAL SYSTEM FOR LIMESTONE CORRECTIONAL FACILITY

RESPONSE TO INQUIRY

In response to a request for the “plan holders list for Waste Water and Sewage Disposal System that is bidding 9/1,” which was later clarified as a “list of contractors who have picked up plans and specs for the project,” the ADOC responds as follows:

The ADOC is unable to determine what contractors accessed the ADOC’s website or on the RFP database maintained by the Alabama State Comptroller’s Office where this information was posted publicly. Two (2) vendors, the Limestone County Water and Sewage Authority and AMP, LLC, attended the Bidder’s Conference and Site Tour.
